Report On ICT-enabled Tool

We are Dr. D.Y Patil College of nursing have total 11 classroom all classroom ICT enabled Classroom. Dr. D.Y. Patil College of nursing is equip with adequate digital infrastructure such as Smart Boards color Printers and Laptops All the faculty of Dr. D.Y Patil College of nursing make use of it and upload lecture PPT notes and simulated video on erp platform.

All students have access to the Lecture notes through their individual erp login Id and faculty also prepared teaching videos and uploaded for students on YouTube. For under graduate students college conduct online examination for multiple choice questions and this way attempts for paperless work.

For PhD and NPCC students the journal club presentation are conducted monthly in zoom platform.

Dr. Khurshid Jamadar
Principal
Dr. D. Y. Patil College of Nursing
Pimpri, PUNE - 18.

2.3.3 Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

All the teachers of Dr. D. Y. Patil Biotechnology and Bioinformatics Institute use ICT enabled tools for effective content delivery in order to enhance teaching learning process. They possess the skills to use ICT enabled tools effectively for teaching-learning and participating in various academic forums. These skills include use of digital devices and online resources such as:

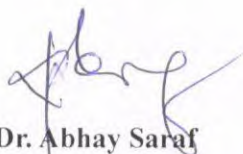

- ✓ ICT-enabled classrooms/lecture halls (audio visual facility, LCD projectors and wifi) and well-equipped laboratories along with DST-FIST supported instrumentation facility.
- ✓ Classrooms equipped with Smart Boards for effective content delivery.
- ✓ Licensed copy of Zoom and Microsoft teams for online classes.
- ✓ Digital Library resources like J-Gate complete, EBSCO host, SCOPUS Database, NPTEL, National Digital Library of India, DELNET, Shodh Sindhu, Shodh Ganga, Knowledge Hub, Clinical Key Student.
- ✓ LMS; campus ERP is used for Lesson plan entry, daily lecture entry, attendance record, uploading power-point presentations, uploading video lectures and Notes etc.
- ✓ Teachers and students use online platforms like SWAYAM, MOOCS, Coursera, etc.

2.3.3 Teachers use ICT-enabled tools for effective teaching and learning process, including online e-resources Response to be provided within 100 - 200 words

It is believed that teaching learning is and should be a process that improves continuously. In view of this, it is necessary to use innovative teaching methods to achieve the desired outcomes. In this context, ICT plays a major role. Most of the faculty members use ICT effectively. Efforts are made to tune the teaching learning process in line with OBE.

Institute encourages all faculty members to attend and organize various Faculty development programs to excel in their respective domain. It will help them to teach students in innovative manner.

NPTEL videos and course material are made available to the students and they are encouraged to use it.

Course material developed by faculty is uploaded on ERP software, Moodle and google classroom etc.

Different blogs / websites are created by faculty members to avail the contents online of their respective subjects to the students.

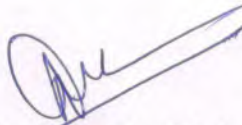

Students should also hone their skills and attitude while learning. These skills can be inculcated through activities such as presentations, demonstrations, technical events etc.

Project based learning is encouraged through activities like mini projects, model making, etc. Arrangements are made to telecast Webinars on various topics.

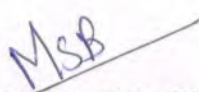

It is important that students develop self learning attitude to become life-long learners. Hence faculty encourage them through assignments, online resources etc.

DYPSST Organizes the sessions of motivational speakers to inspire the students.

Students having aptitude towards research and development are motivated and encouraged to present their work in different National/ International/ Seminars/ Conferences/ Workshops and publish it in National/ International journals.

(An ISO 9001:2015 Certified University)

2.3.3-Teachers use ICT enabled tools for effective teaching learning process including online E resources

The ICT infrastructure at the Dr. D. Y. Patil College of Physiotherapy is well-equipped to support the teaching and learning process. The university has WiFi access. Smart boards are used in classrooms and laboratories. Faculty can implement blended learning by subscribing to web-based learning resources like EBSCO Host, the National Digital Library of India, Shodh Ganga, Shodh Sindhu, and Knowledge Hub. For productive academic engagement with students, faculty use the DPU LMS. On each individual LMS dashboard, lesson plans and educational materials like videos and presentations are uploaded. When students sign into the LMS, they can access these materials.

The LMS is also used for assignments and evaluations.

2.3.3 Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

All teachers utilize ICT-enabled tools to enhance content delivery and enrich student learning. They are proficient in leveraging these tools effectively for teaching, learning, working, and participating in various academic forums. Their skills encompass the use of digital devices and online resources such as:

- All classrooms are equipped with multimedia devices and LCD projectors to facilitate effective content delivery.
- Printers are installed in labs, HOD cabins, and other prominent areas across the institute.
- Photocopier machines, including multifunction printers, are available at key locations within the campus.
- Interactive Smart Boards are installed in two locations across the campus to enhance engagement during lectures.
- Online classes are conducted via Zoom and Microsoft Teams, with the institute holding licenses for both platforms.
- Teachers and students utilize various online learning platforms, such as SWAYAM, MOOCs, and edX, for advanced learning.
- The ILMS Campus ERP system is used for tasks like lesson plan entry, daily lecture updates, attendance tracking, and uploading of presentations, video lectures, and notes.
- The institute offers access to extensive digital library resources for research, including SCOPUS, EBSCOhost, NPTEL, DELNET, JGate, Shodh Sindhu, Knowledge Hub, Shodh Ganga, and the National Digital Library of India.
